(The phone numbers above are to be used in case of emergency to contact a student in the class.)

Cost: Free

Time: 9:00 a.m. to 3:30 p.m.

Class Size: 40-75, Varies per location

No Prerequisites

Instructors:

Dave Erickson, WSDOT Construction Office

Joe Devol, WSDOT Materials Lab

Cathy Nicholas, FHWA

In support of the on-going efforts by the Department of Transportation to assist local agencies during the transition period to Superpave, this series of free, one-day training classes will be offered in 2005 on both the east and west sides of the state. The classes will be presented by the WSDOT construction office and materials lab instructors, as well as a representative from FHWA. The training will offer local agencies an overview of the Superpave process, highlight changes to the *2004 Standard Specifications*, address materials and testing issues, and design and construction considerations from a local agency perspective.

These classes should help answer many of the questions and concerns on the part of local agencies regarding the Superpave transition. Please plan to attend.

Target Audience: All Local Agencies

Agenda

9:00 -- 9:15	Opening Remarks
9:15 -- 10:00	Overview Presentation -- Dave Erickson
10:00 -- 10:15	Break

All other questions, Laurel Gray at (360) 705-7355 or GrayL@wsdot.wa.gov

Registration

Please register on-line using this link: [On-line Registration Form](#). Fill in your information*, select your class from the list, then press "Submit." A registration notice with driving directions to the training site is e-mailed to you when we process your request. **If you do not receive this e-mail notification within a day or two, you may not be registered and should contact us by phone.** Confirmation letters are mailed three weeks prior to the class. If you are unable to attend, someone else from your agency may attend in your place. To cancel your registration, or for assistance with registration, e-mail wst2center@wsdot.wa.gov or schmidw@wsdot.wa.gov or phone (360) 705-7386.

* A "unique identifier" for each student is required when registering on-line. It may contain 3 to 8 alpha and/or numeric characters. You might use your phone extension number, a pet's name, birthstone, birthdate, etc. but please make it something you will remember. Our computer will match your last name with your identifier to automatically and quickly register you into a class (providing there is space available).

(Disability accommodations provided upon request.)
